

**1 in 8 women
in the US
will be
diagnosed
with breast
cancer.**

**When was your last
mammogram?**

Early detection can be life saving. In fact, when breast cancer is detected in its early localized stages – when treatment is most effective – the relative five-year survival rate is 98 percent!

* American Cancer Society*

Connally Memorial Medical Center will be offering **low cost mammograms for only \$50** for uninsured individuals the entire month of October.

Many insurance plans including Medicare will provide a free mammogram every year for women who qualify.

Get a physician's order and call (830) 393-1317 to schedule your appointment today.
